Directions:

Today you will be taking the Ohio Grade 4 Social Studies Practice Assessment.

There are several important things to remember:

1. Read each question carefully. Think about what is being asked. Look carefully at graphs or diagrams because they will help you understand the question. Then, choose or write the answer you think is best.

2. Use only a #2 pencil to answer questions on this test.

3. For questions with bubbled responses, fill in the circle next to your answer choice. If you change your answer, make sure you erase your old answer completely. Do not cross out or make any marks on the other choices.

4. For questions with response boxes, write your answer neatly, clearly and only in the space provided. Answers written outside of the space provided will not be scored.

5. If you do not know the answer to a question, skip it and go on to the next question. If you have time, go back to the questions you skipped and try to answer them before turning in your Student Test Booklet.

6. Check over your work when you are finished.
1. This item cannot be rendered as a paper/pencil item.
2. The following question has two parts. First, answer Part A. Then, answer Part B.

Part A

As different settlers moved into the Ohio Country, there were times of conflict and cooperation between the settlers and American Indians.

What was one cause of conflict between American Indians and European settlers in the Ohio Country?

A  European settlers did not share farming practices with American Indians.
B  European settlers forced American Indians to move in search of new lands.
C  American Indians supported the Spanish settlers in conflicts against French fur traders over land rights.
D  American Indians did not show European settlers how to use gunpowder to help them hunt in the countryside.

Part B

Why did your selection in Part A cause conflict between American Indians and European settlers?

A  European settlers took away land that was used by American Indians.
B  American Indians were angry that they could not farm as well as the European settlers.
C  American Indians wanted to make sure the settlers would not hunt all the animals in Ohio.
D  Spanish settlers helped American Indians to keep the land that was taken by French colonists.
